About GED

Hi-Mark Academy is a Florida, USA based company. We provide online educational contents and courseware that are largely driven by technology. We now offer the American General Education Development (GED) program to Nigeria and West Africa.

The GED measures proficiency in science, mathematics, social studies, reading and writing. Passing the GED test provides certification that the candidate has the American high school level academic skills. In the United States, it is an alternative to the US high school diploma, High School Equivalency Test (HiSET), and The Assessing Secondary Completion (TASC). It is also the equivalent of the West African Examination Council (WAEC), International General Certificate of Secondary Education (IGCSE) and the General Certificate of Education (GCE).

Advantages of GED

The advantages of GED over the more traditional WAEC and IGCSE are as follows:

- The GED exam can be taken anytime throughout the year, so you don't have to wait months for specific exam dates.
- With same day scoring and transcripts available within days of passing, the GED allows you to go to a university sooner.
- GED is accepted by 95% of universities in the US, Canada, Australia, New Zealand and many other countries around the world.
- If you need to retake the exam for any reason, you can do so as soon as the next day and not have to wait around.
- If you fail a subject, you only have to retake the one you failed, not all the subjects.
- You only have to study for 4 subjects as opposed to 8 or 9 subjects.

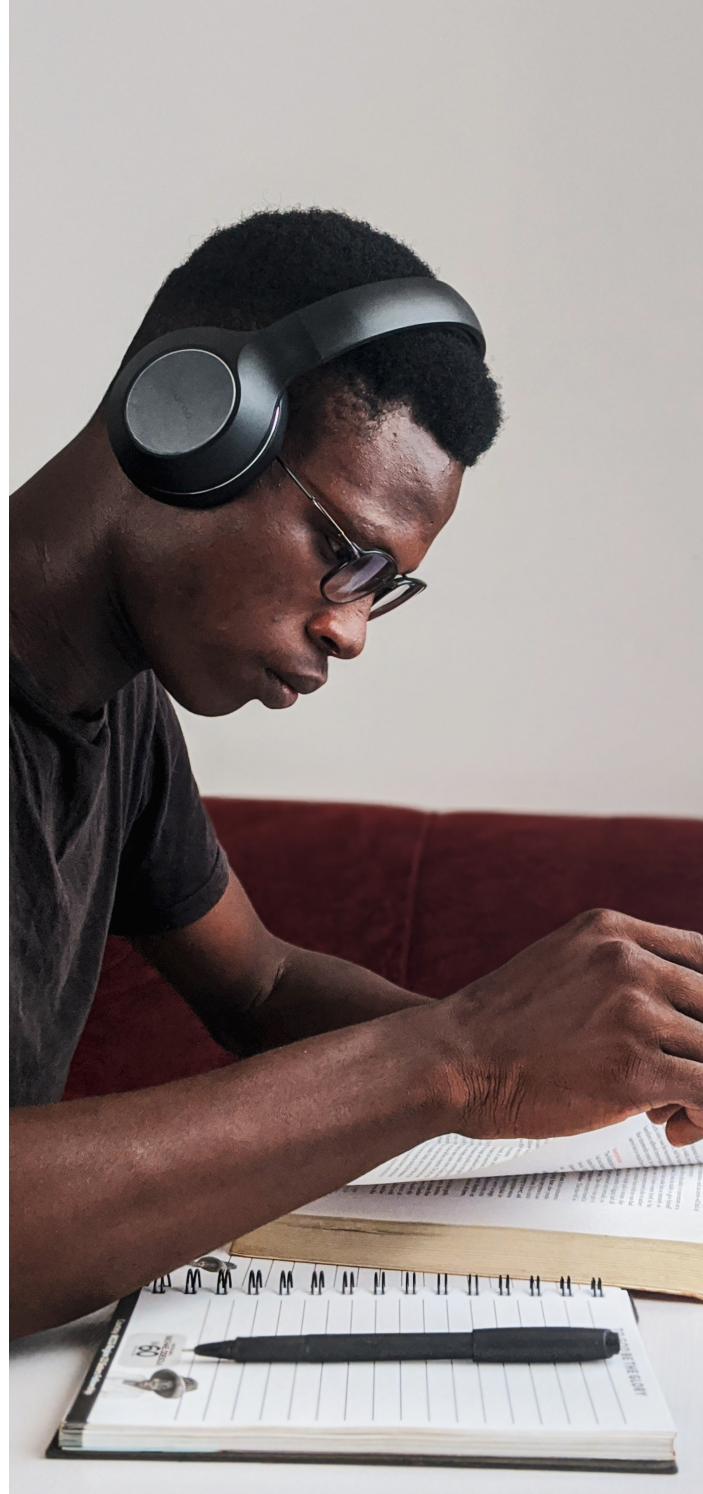

Hi-Mark Academy GED

Since the GED is equivalent to the US high school equivalency diploma, it is accepted by 97% of American and Canadian universities and community colleges for admission. Therefore it offers students across West Africa, an alternative path to gaining admission to higher institutions in the United States and Canada.

You must be at least 16 years old to take the GED Test and pass all four subject tests in the GED battery of tests. You don't have to take them all on the same day, but this may be different, depending on the test location. Most questions are multiple choice, although there is also a mix of fill-in-the-blank, drag and drop, and select-an-area questions, as well as an essay question on the Reasoning Through Language Arts section.

The official GED courseware and tutoring costs \$199. The GED test costs a total of \$300 for the four subjects, \$75 for each subject.

Hi-Mark Academy GED

Hi-Mark Academy has the exclusive distribution right for the official GED® prep courseware and practice tests in West Africa. Our comprehensive GED program is offered in an academy format. It is a two-month online course that teaches students exactly what they need to know to pass the GED test. We provide additional tutoring to help them prepare for the exam ahead of time. The exam can be taken at GED accredited exam centres in Lagos and Abuja.

Program highlights

- Online course materials and tutoring, with built-in official GED practice tests.
- Engaging Delivery: Unlike many other educational courses, we present the material in a way that is interactive and fun for students.
- Instead of boring slide shows, lessons consist of animated characters that students can relate to.
- Adaptive learning system that creates a personalised learning plan for each student, bypassing skills they have already mastered.

Hi-Mark Academy GED

- Our software detects when each student has mastered the courseware and is ready for the test. It can also tell the exact areas the student needs to focus more on at a given time.
- With over 3,500 interactive activities and lessons, the course fully prepares students in each GED subject area.
- Intelligent educators aid to track progress, customize learning plans, and determine exactly when students are ready to take their GED test.
- Registration is quick and easy through our website.
- We offer additional guidance (optional) when seeking placement at American Universities.

UNIVERSITY PLACEMENT

After passing the GED, we offer students additional services (optional) to help with university placement at American and Canadian Universities.
